CATALOG / INDIVIDUAL COMPOUNDS

5-Amino-1MQ

Product identity and available presentations in the BioMotion catalog.

MATERIAL FAMILY
Individual Compounds

MERCHANT REFERENCE
Catalog item 534

01 / LISTED PRESENTATIONS

50 mg — CATALOG OPTION 01

02 / MATCH THE MATERIAL

Compare the product name and selected presentation with the labelled package. If a laboratory report is available, check the sample name, lot identifier, test scope and date in that report.

03 / CURRENT LISTING

Use the merchant listing for current availability and applicable documents. This sheet identifies the catalog item; it does not certify an individual lot.
