CATALOG / BLENDS

Wolverine Blend

Product identity and available presentations in the BioMotion catalog.

MATERIAL FAMILY
Blends

MERCHANT REFERENCE
Catalog item 20

01 / LISTED PRESENTATIONS

10 mg / 10 mg — CATALOG OPTION 01

02 / MATCH THE MATERIAL

Compare the product name and selected presentation with the labelled package. If a laboratory report is available, check the sample name, lot identifier, test scope and date in that report.

03 / CURRENT LISTING

Use the merchant listing for current availability and applicable documents. This sheet identifies the catalog item; it does not certify an individual lot.
